

To: ANGLIA COMPONENTS LTD**Report on Content of SVHC of EU REACH****I. Content of SVHC.**

The undersigning company ("Toshiba") hereby reports that the substances, which dates are specified ON or BEFORE 2019/01/15 under the column "date of inclusion", in SVHC (Substances of Very High Concern) Candidate List announced by ECHA (European Chemicals Agency) are content as known ingredients over 1000ppm per product weight in the products listed below.

Lead oxide and Diboron Trioxide in the glass or ceramic materials are not regarded as SVHC based on the industry's position issued by JEITA (Japan Electronics and Information Technology Industries Association).

II. Applicable Product(s). (Toshiba Product Number), name of SVHC and its content rate (ppm)

Toshiba Product Number TPW2900ENH,L1Q(M)
Product Weight (mg) 98.9515

<u>SVHC name</u>	<u>EC No.</u>	<u>CAS No.</u>	<u>Content Weight</u>	<u>Content Rate (ppm)</u>
Lead	231-100-4	7439-92-1	5.3056	53618

* Content rate (ppm) is the rate for total Product Weight (mg).

III. Certification.

The undersigned hereby certifies that he or she is authorized to sign this Report and affirms that all of the information provided in this Report is true and correct as of the date hereof.

Company: Toshiba Electronic Devices & Storage Corporation

Signature: *T. Utsumi*

Name: Utsumi Takayoshi

Title: Himeji Operations - Semiconductor Quality Assurance Dept. Quality and Reliability Engineering Group Group Manager

Tel: +81-79-275-6588

IV. Important Information Disclaimer.

The above described Content rate of SVHC is the maximum content rate of design theoretical value which is possible to be contained in the above applicable product(s).

The information provided herein is to the best of Toshiba's knowledge and belief accurate as of the date that it was provided. Toshiba bases such knowledge and belief on information provided by third parties, and Toshiba makes no representation or warranty as to the accuracy of such third party information.

Toshiba has taken and will continue to take reasonable steps to provide representative and accurate information to its customers, but may not have conducted destructive testing or chemical analysis on incoming materials and chemicals. Certain Toshiba suppliers consider "material content" to be confidential information and thereby proprietary, whereby such information may not be available for release to customers. Neither Toshiba nor any of its affiliates including subsidiaries shall be liable for loss of use, revenue, profit, or for any special, incidental, or consequential damages arising out of, connected with, or resulting from, the information provided in this Report, or otherwise; and in no event shall Toshiba's or any of its affiliates including subsidiaries' direct liability arising out of, connected with, or resulting from such information exceed the purchase price of the semiconductor component(s) referenced in this Report that Toshiba or any of its affiliates sold to the customer during the three (3) months immediately prior to the date of this Report. This Report is intended only for the use of the company to which it is addressed and no other person or entity is entitled to rely on the statement herein.

V. Important Legal Note.

The information contained herein is intended to assist those using Toshiba Electrical and Electronic Equipments (EEEs) in complying with EU REACH Regulation ((EC) No.1907/2006).

Certain of the information contained herein is simplified guidance based on complex and changing legislation, and does not constitute legal advice.

EU REACH Regulation should always be read and understood (as they constitute the law), in contrast with the information contained herein, which is intended to be informative but has no legal authority. You should refer to EU REACH Regulation for a full statement of the legal requirements and in the case of any doubt take independent advice, including your own legal advice. EU REACH Regulation may be revised from time to time, so users should take care to keep themselves informed.
