Request for a declaration of compliance to section 54 of the Modern Slavery Act

Anglia's commitment to respect in the workplace includes our full support for international efforts to promote ethical principles and practices related to the prevention of exploitation and abuse associated with modern slavery and human trafficking. We also expect commitment to these principles from all organisations with which we do business with and will not support or do business with others knowingly involved in slavery or human trafficking.

Under section 54 of the Modern Slavery Act, all commercial organisations with a UK presence and a global turnover of £36 million or above are required to publish an annual statement of the steps it has taken to ensure that slavery and human trafficking is not taking place in any of its supply chains or in any part of its business. The definition of slavery in the Act makes it clear that it extends, among other things, to forced or compulsory labour.

In order to comply with this legislation, Anglia has contacted each of our suppliers to ensure that they are informed and are fully aware of the requirements of the Modern Slavery Act and have requested them to confirm that they understand that Anglia will not tolerate slavery anywhere in the entirety of our operations.

In addition it will be a condition of all purchase orders to Anglia's suppliers that they comply with Anti-Slavery Legislation, specifically section 54 of the Modern Slavery Act. This extends to EDI orders.

Please provide a declaration of compliance, or alternatively a link to your company's Anti Slavery Statement to confirm that your company is committed to the prevention of exploitation and abuse associated with modern slavery and human trafficking and return it to claire.stevenson@anglia.com before 1st April 2016.

Thank you in anticipation of your response.

Claire Stevenson.
Quality Manager.
